

Prima / HelloPrima Brand Confusion Evidence Pack

Investigation date: **2 July 2026**. Public, lawful sources only; no logins, no paywall bypass, no third-party contact. Forensic and neutral: negatives are stated as plainly as positives.

Contents

File	Purpose
executive_summary.md	2-page summary — strongest evidence first, confirmed vs allegation status, gaps, next steps
evidence_register.csv	Master register — every finding with URL, query, timestamp, verbatim quote, screenshot filename, relevance
wrong_number_investigation.md	Whether 0330 088 1135 / 0161 826 1620 appear in connection with Hello Prima — verdicts + all sources checked
contact_complaints_review.md	Review/social/forum findings: contact difficulty, wrong-Prima mentions, claims/cancellation/complaints routing
aggregator_investigation.md	Go.Compare, CtM, Confused, MSM, Quotezone etc. — exact branding and contact details shown
search_journey_report.md	What a consumer sees for the six key searches; 26-query rank data; Maps and AI layers
agent_reports/	Full per-workstream reports (11 workstreams; findings carry IDs cited by the documents above)
screenshots/	415+ full-page PNG captures, named YYYY-MM-DD_source_query_shortdesc.png
source_archive/	428+ raw HTML copies matching the screenshots

Workstreams (finding-ID prefixes)

SE- search engines · NUM- number/site-specific searches · TP- Trustpilot · REV- other review platforms · RED- Reddit/forums · SOC- social media · AGG- aggregators · DIR- directories/phone DBs/FCA/Companies House · WB- Wayback historical · LEG- legal/regulatory · AI- AI answers/knowledge panels/Maps

Evidence categories

A wrong-number · B wrong-email · C wrong-address · D "wrong/different Prima" · E contact difficulty · F claims routing · G complaints/FOS routing · H cancellation/MTA · I search ambiguity · J aggregator ambiguity · K directory ambiguity · L negative review only · M not relevant

One-line verdict

Direct public attribution of the broker's numbers to Hello Prima: **not confirmed**. Search-journey, Maps, review-platform and AI-answer evidence that Hello Prima customers are systematically shown (and in at

least one attested case, dialled) the wrong "Prima": **confirmed and preserved with screenshots.**
