

Agent 5 — Aggregator / Comparison Site Investigation (AGG-)

Date of research: 2026-07-02 (times approximate, 00:45–01:45 UTC). Scope: Go.Compare, Compare the Market, Confused.com, MoneySuperMarket, Quotezone, Uswitch, Mustard, Money.co.uk, Which?, Defaqto — plus third-party comparison/contact-lookup sites surfaced by the brief's Agent 5 queries. Public pages only; no quote journeys were run and no personal data was entered.

Summary

- **No aggregator page was found displaying Prima Insurance Brokers' phone numbers (0330 088 1135 / 0161 826 1620), email, or Prestwich address in connection with Hello Prima / Prima car insurance.** This is a clear negative finding for the ten in-scope aggregators. Searches for those numbers restricted to gocompare.com and the other aggregator domains returned nothing (AGG-12).
- **However, a live third-party "contact page" site (kaeltripton.com) — surfaced by the exact query pattern the brief targets — publishes a page titled "Prima Car Insurance Contact UK 2026: Phone, Claims & Complaints" that repeatedly directs consumers to primainsurance.co.uk (the broker's website) as "Prima's official site" for customer service, 24/7 claims and complaints. It never mentions helloprima.co.uk.** Anyone following it for Hello Prima contact/claims/complaints lands on Prima Insurance Brokers' contact page, which displays 0330 088 1135. This is the strongest routing-confusion evidence found by this agent (AGG-08, Confirmed).
- Four of the ten in-scope aggregators publicly list the insurer, and **none of them uses the trading name "Hello Prima"**: Go.Compare lists "Prima Car Insurance"; Confused.com and Uswitch list "Prima", "Prima Essentials", "Prima Plus", "Prima Premier". All are bare names with **no contact details, no link, and no disambiguation** from Prima Insurance Brokers (AGG-01, AGG-03, AGG-04). This is aggregator ambiguity (Category J): the consumer is handed the brand word "Prima" and left to find contact details by searching.
- Go.Compare has listed "Prima Car Insurance" in its providers directory since at least 25 May 2025 (Wayback), and its own contact page states "Go.Compare is a comparison website and not an insurer or a broker... you buy it from the insurer" — i.e. post-sale queries are pushed to "Prima", with no Prima contact details supplied anywhere on gocompare.com (AGG-02, AGG-07).
- Compare the Market: **no public page mentioning Prima could be found or captured.** Live pages (trusted-partners, car-insurance/providers) are Cloudflare-blocked to automated capture, nothing is indexed in Bing/DDG for site:comparethemarket.com "Prima", and there are zero Wayback snapshots of those URLs. Trustpilot reviews of Hello Prima state customers bought via Compare the Market, so the relationship exists but is invisible on public pages (AGG-05; access blocker).
- MoneySuperMarket's car-insurance providers directory does **not** list Prima at all, despite Trustpilot reviewers saying they bought Prima via MoneySuperMarket — the consumer again has no aggregator-published contact route (AGG-06).
- Quotezone, Mustard, Money.co.uk, Which? and Defaqto: **no public page mentioning Hello Prima / Prima car insurance found** (Quotezone's provider list captured and grep-verified; Which? "best and worst car insurance" reviews 25 insurers, Prima not among them; Defaqto's only indexed

"Prima" content is Margetts Prima investment funds, even though helloprima.co.uk advertises "5 Star Defaqto" ratings).

- Secondary comparison/claims sites found via the brief's queries: claimsnumber.com publishes a "Prima Car Insurance Accident Claim Contact Phone Number" page pushing **0333 006 4465**, a claims-management company (ClaimsContact.com), not Hello Prima — third-party claims-routing ambiguity (AGG-09). freepricecompare.com and fairerfinance.com use the bare brand "Prima" with no contact details (AGG-10, AGG-11).
- Search-journey note: the query «"Go.Compare"/"GoCompare" "Hello Prima" contact phone number» surfaced primainsurance.co.uk/contact and prima-finance.co.uk/contact among top results — consistent with Agent 1's search-ambiguity findings (Category I context).
- Honest gaps: aggregator quote journeys and post-sale account areas were not tested (out of bounds); Compare the Market could not be captured at all; DuckDuckGo returned no organic results for several site: queries (Bing used instead).

Findings

AGG-01 — Go.Compare lists "Prima Car Insurance" with no contact details or disambiguation

- Category: J (aggregator ambiguity)
- Source/platform: Go.Compare (gocompare.com)
- URL: https://www.gocompare.com/car-insurance/providers/
- Page title: Car Insurance Companies | GoCompare
- Search query used: site:gocompare.com "Prima car insurance"; site:gocompare.com "Prima"
- Date/time accessed: 2026-07-02 ~00:50 UTC
- Exact quote/snippet (verbatim from page HTML, provider list): Post Office Prima Car Insurance Principal Insurance
- Screenshot: 2026-07-02_gocompare_car-insurance-providers_directory.png
- HTML archive: 2026-07-02_gocompare_car-insurance-providers_directory.html
- Relevance: High
- Direct or indirect: Indirect
- Notes: Go.Compare's public "who we compare" directory names the insurer "Prima Car Insurance" — not "Hello Prima" — as a bare, unlinked list item among ~170 brands. No phone, email, website or FCA details are given, and nothing distinguishes it from Prima Insurance Brokers. This does not prove confusion by itself, but it establishes that the UK's principal aggregator publicly brands the

insurer simply as "Prima...", pushing customers who need contact details into an ambiguous web search. Page HTML grep confirmed 0330 088 1135 / 0161 826 1620 do NOT appear.

AGG-02 — Go.Compare has listed "Prima Car Insurance" since at least May 2025 (Wayback)

- Category: J
- Source/platform: Wayback Machine (gocompare.com)
- URL: <https://web.archive.org/web/20250525004318/https://www.gocompare.com/car-insurance/providers/>
- Page title: Car Insurance Companies UK | GoCompare (archived)
- Search query used: Wayback CDX query for gocompare.com/car-insurance/providers/
- Date/time accessed: 2026-07-02 ~01:15 UTC
- Exact quote/snippet (verbatim, archived HTML): `<li>Prima Car Insurance</li>` (present in snapshots 2025-05-25, 2025-07-31, 2025-10-10, 2025-12-11, 2026-03-20)
- Screenshot: 2026-07-02_wayback_gocompare_providers_2025-05-25.png
- HTML archive: 2026-07-02_wayback_gocompare_providers_2025-05-25.html
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Establishes duration of the ambiguous "Prima Car Insurance" listing (≥13 months). Snapshots before May 2025 (2024-03-04, 2024-11-14, 2025-04-23) are ~3.5 KB bot-block/consent captures and could not be assessed, so an earlier start date cannot be confirmed or excluded.

AGG-03 — Confused.com lists "Prima" plans with no contact details

- Category: J
- Source/platform: Confused.com
- URL: <https://www.confused.com/about-us/providers> (same content also at <https://www.confused.com/compare-car-insurance/providers>)
- Page title: Providers - See the companies we compare - Confused.com / Car insurance companies – Confused.com
- Search query used: site:confused.com "Hello Prima" OR "Prima car insurance"; confused.com car insurance companies list Prima
- Date/time accessed: 2026-07-02 ~01:00 UTC
- Exact quote/snippet (verbatim from page HTML): `<li><div>Prima</div></li>` — separate entries: Prima, Prima Essentials, Prima Plus, Prima Premier
- Screenshots: 2026-07-02_confused_about-us-providers_directory.png; 2026-07-02_confused_car-insurance-providers_directory.png
- HTML archives: 2026-07-02_confused_about-us-providers_directory.html; 2026-07-02_confused_car-insurance-providers_directory.html
- Relevance: High
- Direct or indirect: Indirect
- Notes: Confused.com brands the insurer as bare "Prima" (plus tier names). No "Hello", no link, no contact details, no FCA reference. HTML grep confirmed the broker's numbers do not appear. Bareword "Prima" is the most confusion-prone form for consumers searching for contact details afterwards.

AGG-04 — Uswitch lists "Prima", "Prima Essentials", "Prima Plus", "Prima Premier" with no contact details

- Category: J
- Source/platform: Uswitch
- URL: <https://www.uswitch.com/car-insurance/providers/>
- Page title: Car Insurance Providers - Uswitch
- Search query used: site:uswitch.com OR site:money.co.uk OR site:mustard.co.uk "Prima" car insurance
- Date/time accessed: 2026-07-02 ~00:58 UTC
- Exact quote/snippet (verbatim from page data, provider table cells): "value": "Prima", "value": "Prima Essentials", "value": "Prima Plus", "value": "Prima Premier" (rendered in the "Car insurance providers" table)
- Screenshot: 2026-07-02_uswitch_car-insurance-providers_directory.png
- HTML archive: 2026-07-02_uswitch_car-insurance-providers_directory.html
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Same pattern as Confused.com — bare "Prima" branding, no contact route, no disambiguation. Broker numbers absent (grep-verified).

AGG-05 — Compare the Market: no public Prima page findable; live pages blocked, no Wayback

- Category: J (gap/ambiguity context)
- Source/platform: Compare the Market / Bing / DuckDuckGo / Wayback CDX
- URL: <https://www.comparethemarket.com/trusted-partners/> and <https://www.comparethemarket.com/car-insurance/providers/> (both Cloudflare-blocked: "Just a moment..."); SERPs archived
- Page title: Just a moment... (bot-block)
- Search query used: site:comparethemarket.com "Hello Prima" OR "Prima car insurance"; site:comparethemarket.com "Prima" (Bing and DDG); Wayback CDX for comparethemarket.com/trusted-partners* and /car-insurance/providers/ (both empty)
- Date/time accessed: 2026-07-02 ~01:05 UTC
- Exact quote/snippet: Bing SERP for site:comparethemarket.com "Prima" car insurance returned no organic comparethemarket.com results containing "Prima"; DDG likewise.
- Screenshots: 2026-07-02_comparethemarket_trusted-partners_list.png; 2026-07-02_comparethemarket_trusted-partners_retry.png; 2026-07-02_comparethemarket_car-insurance-providers_directory.png; 2026-07-02_bing_site-comparethemarket-prima_serp.png; 2026-07-02_ddg_site-comparethemarket-prima_serp.png
- HTML archives: matching .html files for each of the above
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Hello Prima's Trustpilot reviews (Agent 2 scope) confirm customers buy Prima via Compare the Market, yet no public CTM page naming Prima could be found, indexed or archived. Consequence for the confusion theory: a CTM customer needing to contact "Prima" post-sale gets

no help from CTM's public site and must search the open web, where the broker ranks for "Prima insurance contact". No wrong number was found on CTM — because nothing at all was visible. Recorded as an access blocker.

AGG-06 — MoneySuperMarket providers directory omits Prima entirely

- Category: J (gap/ambiguity context)
- Source/platform: MoneySuperMarket
- URL: <https://www.moneysupermarket.com/car-insurance/providers/>
- Page title: Car Insurance Companies | MoneySuperMarket
- Search query used: site:moneysupermarket.com "Hello Prima" OR "Prima car insurance"; moneysupermarket.com "car insurance providers"
- Date/time accessed: 2026-07-02 ~01:10 UTC
- Exact quote/snippet: page HTML contains zero occurrences of "Prima" (only the word "primary"); grep-verified.
- Screenshot: 2026-07-02_moneysupermarket_car-insurance-providers_directory.png
- HTML archive: 2026-07-02_moneysupermarket_car-insurance-providers_directory.html
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Trustpilot reviewers report sourcing Prima via MoneySuperMarket, but MSM's public directory does not list Prima and provides no contact route. Same downstream effect as AGG-05. No wrong number found.

AGG-07 — Go.Compare tells customers post-sale queries belong to the insurer; publishes no Prima contact details

- Category: J
- Source/platform: Go.Compare
- URL: <https://www.gocompare.com/about/contact/>
- Page title: Contact Us | Go.Compare
- Search query used: "Go.Compare" "Hello Prima" contact phone number (led to this page)
- Date/time accessed: 2026-07-02 ~01:30 UTC
- Exact quote/snippet (verbatim): "Go.Compare is a comparison website and not an insurer or a broker. So when you buy an insurance policy through our website, you buy it from the insurer."
- Screenshot: 2026-07-02_gocompare_about-contact_page.png
- HTML archive: 2026-07-02_gocompare_about-contact_page.html
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Confirms the routing mechanism: Go.Compare directs policy matters to the insurer it brands only as "Prima Car Insurance", while publishing no Prima phone/email anywhere on gocompare.com (site search and site: queries found none). The customer's next step is a web search for "Prima insurance contact" — the exact journey in which the broker's details surface (see Agent 1). The page itself contains no Prima reference (grep: 1 hit, in unrelated nav text "Prima..." / "primary").

AGG-08 — Third-party contact-details site presents primainsurance.co.uk as Prima car insurance's official site for contact, claims and complaints

- Category: D / F / G (wrong-Prima routing; claims and complaints mis-routing) — strongest single finding
- Source/platform: kaeltripton.com ("UK Independent Publisher", SEO contact-pages network: "across all 50 contact pages")
- URL: <https://www.kaeltripton.com/prima-car-insurance-contact-uk-2026/>
- Page title: Prima Car Insurance Contact UK 2026: Phone, Claims & Complaints
- Search query used: "Go.Compare" OR "GoCompare" "Hello Prima" contact phone number (page surfaced in results for Prima contact queries)
- Date/time accessed: 2026-07-02 ~01:12 UTC
- Exact quotes/snippets (verbatim):
 - "Visit primainsurance.co.uk and navigate to the Contact Us section for current phone numbers and service hours - numbers change and the official site always carries the live version."
 - "To contact Prima car insurance in 2026, visit primainsurance.co.uk and navigate to the Contact Us page for the current customer service number, claims line, and account access options."
 - "Prima operates a phone and online customer service model. To reach the customer service team, go to the Contact Us section on primainsurance.co.uk where current phone numbers, opening hours, and online account access are listed."
 - "Step two: Contact Prima's 24/7 emergency claims line. This number is printed on your certificate of insurance and on the Claims page at primainsurance.co.uk."
 - "If you have a complaint about Prima - whether related to a claim outcome, service failure, or a policy dispute - submit it via the official complaints channel on primainsurance.co.uk."
 - "Prima's customer service phone number is listed on the Contact Us page at primainsurance.co.uk."
- Sources block: "Prima official website: primainsurance.co.uk"
- Hyperlinks are to <https://www.primainsurance.co.uk/?ref=kaeltripton.com> (rel="sponsored nofollow").
- Screenshot: 2026-07-02_kaeltripton_prima-car-insurance-contact-uk-2026_article.png
- HTML archive: 2026-07-02_kaeltripton_prima-car-insurance-contact-uk-2026_article.html
- Relevance: High
- Direct or indirect: Direct (direct evidence of a third party attributing the broker's website to the car insurer)
- Notes: The page is unambiguously about the motor insurer (24/7 claims line, certificate of insurance, 14-day cooling-off, FCA DISP escalation to FOS; the same publisher's companion review page describes "the UK trading name of Prima Assicurazioni, an Italian digital insurer founded in Milan"). Yet every contact, claims and complaints instruction — 11+ occurrences — points to primainsurance.co.uk, the broker's domain; "helloprima" appears 0 times in the page (grep-verified). A consumer following this page for Hello Prima contact/claims/complaints is delivered to Prima Insurance Brokers' website, whose contact page displays 0330 088 1135. This directly evidences third-party conflation of the two businesses and a live mis-routing mechanism for calls, claims notifications, complaints and potentially personal data. Note: the broker's own numbers are not printed on the kaeltripton page itself; the mis-direction is by hyperlink/domain attribution.

AGG-09 — Claims-management site advertises its own number as "Prima Car Insurance Accident Claim Contact Phone Number"

- Category: F (claims-routing ambiguity)
- Source/platform: claimsnumber.com (ClaimsContact.com / report-accident.com network)
- URL: <https://claimsnumber.com/prima/>
- Page title: Prima Car Insurance Accident Claim Contact Phone Number
- Search query used: "Go.Compare" OR "GoCompare" "Hello Prima" contact phone number (surfaced among Prima-contact results)
- Date/time accessed: 2026-07-02 ~01:12 UTC
- Exact quote/snippet (verbatim, per page content): claim line promoted as "0333 006 4465" (repeated throughout); body text identifies the operator as ClaimsContact.com and describes drivers "Insured by Prima Car Insurance".
- Screenshot: 2026-07-02_claimsnumber_prima_claims-page.png
- HTML archive: 2026-07-02_claimsnumber_prima_claims-page.html
- Relevance: Medium
- Direct or indirect: Indirect
- Notes: Not the broker's number (0330 088 1135 / 0161 826 1620 absent, grep-verified) and not Hello Prima's — a third-party claims-management line marketed against "Prima Car Insurance" claim searches. Supports the broader picture that "Prima" claims searches are contested by third parties and do not reliably reach Hello Prima; does not itself evidence broker/insurer confusion.

AGG-10 — freepricecompare.com "Prima Car Insurance" page: bare "Prima" brand, no contact details

- Category: J
- Source/platform: FreePriceCompare (comparison site)
- URL: <https://freepricecompare.com/insurance/car-insurance/prima-car-insurance-affordable-quotes/>
- Page title: Prima Car Insurance - Affordable Cover and Quick Response
- Search query used: site:comparethemarket.com "Hello Prima" OR "Prima car insurance" (surfaced in results)
- Date/time accessed: 2026-07-02 ~01:12 UTC
- Exact quote/snippet: page "consistently uses 'Prima' and 'Prima car insurance'"; no phone, email, address or website for Prima is shown; "Getting a Prima car insurance quote is easy and can be done through a price comparison service". Broker numbers/domains absent.
- Screenshot: 2026-07-02_freepricecompare_prima-car-insurance_page.png
- HTML archive: 2026-07-02_freepricecompare_prima-car-insurance_page.html
- Relevance: Low
- Direct or indirect: Indirect
- Notes: Another comparison property monetising "Prima car insurance" searches using the bare brand with no contact route — context for search ambiguity, not confusion proof.

AGG-11 — Fairer Finance rates "Prima" (bare brand), no contact details

- Category: J
- Source/platform: Fairer Finance (ratings site)

- URL: <https://www.fairerfinance.com/ratings/brands/prima>
- Page title: Prima reviews | Fairer Finance
- Search query used: comparethemarket.com "Prima" car insurance brand partner (surfaced in results)
- Date/time accessed: 2026-07-02 ~01:13 UTC
- Exact quote/snippet: brand shown as "Prima" (page heading); no phone/email/address; neither helloprima.co.uk nor primainsurance.co.uk visible in captured HTML; broker numbers absent (grep-verified).
- Screenshot: 2026-07-02_fairerfinance_prima-brand-rating.png
- HTML archive: 2026-07-02_fairerfinance_prima-brand-rating.html
- Relevance: Low
- Direct or indirect: Indirect
- Notes: Ratings/comparison ecosystem again uses bare "Prima". WebFetch hit a verification interstitial; the headless-browser capture succeeded.

AGG-12 — Negative finding: broker's numbers not found on any aggregator domain

- Category: A (negative result) / J
- Source/platform: Bing/DuckDuckGo web search + direct HTML greps
- URL: n/a (queries)
- Page title: n/a
- Search queries used: site:gocompare.com "0330 088 1135" OR "0161 826 1620"; site:gocompare.com "Prima" "0330 088 1135"; site:gocompare.com "Prima" "0161 826 1620"; plus HTML greps of every captured aggregator page (Go.Compare providers + contact, Confused.com x2, Uswitch, Quotezone, MoneySuperMarket, freepricecompare, fairerfinance, kaeltripton, claimsnumber)
- Date/time accessed: 2026-07-02 ~00:50–01:30 UTC
- Exact quote/snippet: no results on any aggregator domain for either number; 0 grep hits in all captured HTML.
- Screenshot: n/a (query-level negative; SERP archives listed below)
- HTML archive: n/a
- Relevance: High (required finding)
- Direct or indirect: Direct negative
- Notes: **No public aggregator page was found displaying 0330 088 1135 or 0161 826 1620 in connection with Hello Prima / Prima car insurance. Confirmed: not found.** The confusion risk evidenced by this agent operates through (a) bare "Prima" branding with no contact details on aggregators (AGG-01/03/04) and (b) third-party contact pages that attribute primainsurance.co.uk to the car insurer (AGG-08), not through aggregators printing the wrong number.

Sources checked with no relevant results

- site:gocompare.com "Hello Prima" — no gocompare.com results (nothing on the domain uses "Hello Prima").

- site:which.co.uk "Hello Prima" / "Prima car insurance" — nothing; Which? best-and-worst car insurance article (25 insurers) does not include Prima. SERP: 2026-07-02_ddg_site-which-prima_serp.png.
- site:defaqto.com "Prima" — only Margetts "Prima" investment funds PDF; no Prima car insurance rating page indexed, despite helloprima.co.uk advertising Defaqto 5-star ratings.

Access blockers

- **Compare the Market:** all live pages (trusted-partners, car-insurance/providers) return Cloudflare "Just a moment..." to the headless browser and 403 to WebFetch; zero Wayback snapshots; nothing indexed in Bing/DDG. CTM's treatment of Prima (brand name, contact routing) could not be inspected at all. Block screenshots retained: 2026-07-02_comparethemarket_trusted-partners_list.png, _retry.png, and 2026-07-02_comparethemarket_car-insurance-providers_directory.png.
- **Go.Compare pre-May-2025 history:** Wayback captures of the providers page before 2025-05-25 are ~3.5 KB bot-block pages; earlier listing status unknown.
- **Which?** insurer reviews sit partly behind a membership paywall; the free best-and-worst page was checked (no Prima), but paywalled tables could not be reviewed.
- **Defaqto** product-level star-ratings database is not publicly browsable; only marketing PDFs and pages are indexed.
- Quote journeys (where aggregators may show Prima policy documents/contact details post-quote) were expressly out of scope — no personal data entered; anything shown inside quote results remains unverified.
